MEECO SULLIVAN

Adds Another Industry Veteran to Sales Team

McAlester, OK— MEECO SULLIVAN, The Marina Company, has added another marina industry veteran to its team with the hiring of Jim Helderle as Southeast Region Sales Manager. Mr. Helderle brings over 32 years of experience in the design and construction of floating dock systems for freshwater and saltwater marinas and waterfront developments, which includes designing new marina layouts, reconfiguring or expanding existing facilities, storm damage reconstruction, floating buildings, breakwaters and custom designs. Jim will be based in Chattanooga, TN with sales and customer service responsibilities for Tennessee, Kentucky, inland North Carolina, inland South Carolina, Alabama, Georgia, Florida and southern West Virginia.

Over the past 32 years Mr. Helderle has held a variety of sales and sales management positions with Marine Development, Inc., North American Marine Industries and Galva Foam Marine Industries. The last 26 of those years have been spent in the southeastern United States so he is very familiar with both the freshwater and saltwater customer base and opportunities in his new territory.

Jim Mason, Meeco Sullivan's National Sales, Marketing & Business Development Manager commented that *"we are very excited to have Jim join our team because he not only brings a wealth of marina and dock system knowledge to our customers but he embodies the professionalism and commitment to delivering the best customer experience in the industry, an ideal that our company has always upheld and continues to uphold today."*
